

Materials

- Size 8 (5.0mm) Circular Knitting Needles
- 1 Skein of Grey Peru Yarn Wool (500 grams)
- 1 Skein of White Peru Yarn Wool (500 grams)

Size

Hat diameter is 56 cm/22 in

14 stitches and 21 row = 4 in / 10 cm in rib knit.

Steps

Cast on 72 stitches.

If you would like to increase the size of the hat add the number of stitches dividable into 6!

I prefer to do this on streight needles, and then transfer the stitches to the circular needles.

Rib: K2P2

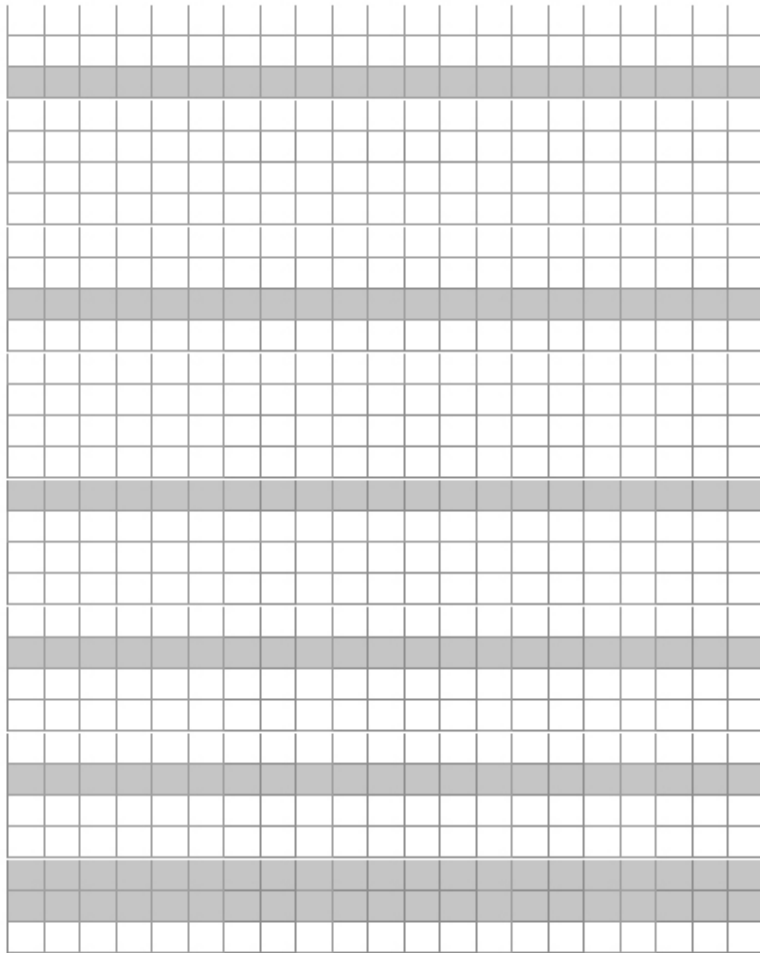

Knit the 8 cm /3.1 in of the rib. It took me 17 rows to reach this length.

Pattern

I started mixing the grey and white stripes right after the end of the rib.

Switch to Knit stitch.

Here is the patttern I used for the hat:

End of Rib

Tip: Don't forget to twist the both threads after each round. In that you will avoid ugly lon stitches on the wrong side of the hat and it will look nice and tidy.

Decrease:

K10, K2 together, repeat around 6 times

Continue decreasing in this way each round until 6 stitches remain.

You might find it uncomfortable to continue with circular needles when so little stitches are left. In this case you can switch to double pointed ones.

Cut yarn and thread tail through remaining stitches. Pull tight and weave in end on inside of hat.
